

## VACANCY

### Marketing Support Specialist

RDS designs, manufactures and markets instrumentation for industrial and agricultural machinery. Established for over 40 years, RDS is based in a modern facility close to Minchinhampton, Gloucestershire.

The company employs 75 people and exports over 80% of production, so any language ability would be an advantage.

An immediate vacancy exists in a busy marketing department. Responsibilities within the role include:

- Origination of product literature, exhibition stand graphics and other promotional material with assistance from external design agency
- Preparing press releases and editorial for submission to the trade media
- Exhibition preparation, stand build-up, manning and break-down both in the UK and overseas
- Day-to-day liaison with UK and overseas distributors

The ideal candidate will:

- Be educated to HND or similar
- Have good written and spoken English skills
- Have some industrial/commercial experience
- Preferably have some graphics experience eg CorelDraw
- Some knowledge of French would be an advantage

If you think this is for you, please send CV including recent salary history and cover email to:
